# STREET AND AVENUE DIRECTORY

OF THE

## CITY OF BROOKLYN.

LAIN & CO., PUBLISHERS,

161 MONTAGUE ST.

Showing the position, commencement, and termination of each Street, Avenue, Place, Lane, Court, Alley, etc., in the City, with the junctions and crossings of the intersecting streets; also the number of the building at the corner of the street, avenue, etc., where there is any.

When there is no house on the corner, or where the corner house fronts on the crossing street, the number nearest the corner is given, and a \* placed before it, to denote that the number is not to be looked for on the corner of the street or avenue above named.

A — denotes that there is no number on the corner.

A † placed in the right or left column denotes that the street does not extend to that side of the one under whose heading it is found.

As a rule the numbers will be found to commence westward, and northward from the opening of the street or avenue, *even* numbers occurring generally on the *right-hand* side.

### EXPLANATIONS.

If you wish to find the location of any number—for instance, 115 Bridge street—on consulting the Directory you will observe that 105 Bridge is on the left-hand of that street, and on the corner of Prospect, and 129 Bridge is on the left-hand corner of Sands; hence the desired location of 115 Bridge is between Prospect and Sands, on the left-hand side.

The capitals E. D., when placed after a street, avenue, etc., denote that it is in the Eastern District.

### TESTIMONIALS.

The Waters' Pianos are known as among the very best.—*N. Y. Evangelist.*

We can speak of the merits of the Waters' Pianos from personal knowledge as being of the very best quality.—*Christian Intelligencer.*

The Waters' Pianos are built of the best and most thoroughly seasoned material.—*Advocate and Journal.*

H. WATERS, Esq.—Dear Sir: Having used one of your Piano Fortes for two years past, I have found it a very superior instrument.—**ALOZO GRAY, Principal Brooklyn Heights Seminary.**

"Waters' Pianos are among the most celebrated and improved makes of the day. For power, brilliancy and richness of tone, elasticity of touch, and beauty of finish, they will not suffer in comparison with any other manufacturer." **THOMAS BAKER.**

Horace Waters, 481 Broadway, is famed for the excellence of his Pianos and Organs.—*Evening Post.*

The Waters' Piano ranks with the best manufactured in America.—*The Independent, N. Y.*

MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet music, he has devoted all his capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming advertisements of rival piano houses, probably overlook a modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Piano Fortes now in our residence, (where it has stood for years), of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists have performed on the said piano, and all pronounced it a superior and FIRST-CLASS INSTRUMENT. Stronger endorsement we could not give.—*Home Journal.*
